

## USD #343 Enrollment Projections & Nonresident Enrollment Capacity

If your student is currently an out-of-district/nonresident student attending USD #343 and your student remains in “good standing” through the last regular day of attendance of the current school year, you are **NOT** required to complete an out-of-district/nonresident application for the next school year. Your student's enrollment has already been calculated into the projections, capacity, and seat availability.
